## The Class of 2014 dedicates this yearbook to Richard V. Newman Jr. 1948 - 2013

We dedicate this yearbook to a man who had fierce determination, a warm demeanor and a beautiful spirit, a person who lives on, every day in these hallways, and also in our hearts. Mr. Newman was always available to give someone a kind word of encouragement and it is in that way that we remember him, always and forever. Thank you Mr. Newman for your dedication to our class and to the many classes you advised before us.

## Message from the Superintendent

#### To the Class of 2014:

On behalf of the North Shore Regional Vocational School Committee, administration and staff, I want to congratulate you on your graduation and your many accomplishments and achievements over the past four years.

As we reflect on your career at North Shore Technical High School there are many successes and awards which highlight important crossroads in your life. You have been great role models to our underclassmen and have been the flagship class leading us toward our new school district. You have been innovative, creative and high achievers excelling at every task and challenge put before you, both in the classroom and in co-curricular activities.

Your class will be the last graduating class of North Shore Technical High School. Your class ends a forty-two (42) year tradition of student success and achievement along with decades of supportive staff and administration. We are proud of you, wish you great success in your future endeavors and hope you will visit the new Essex Technical High School.

Congratulations & good luck,

Daniel R. O'Connell Superintendent-Director

## Message from the Principal

To the Class of 2014,

It is amazing how far you have come in the past four years! I remember, like it was yesterday, your first days and your first year at North Shore Technical High School. The Class of 2014 has shown me how much students grow from the time they enter high school to the time they leave to begin the next phase of their lives. I have seen firsthand your transition from "kids" into respectful adults who will leave North Shore Tech equipped with the skills to be successful citizens and more importantly, good people.

You have achieved excellence in academics, your career and technical fields, and in sports and activities. You have been fine mentors to the underclassmen, made improved literacy a goal in all you do, and are now the final class to graduate from North Shore Technical High School! The Class of 2014 certainly rose to the occasion. Each of you has done yourself, your family and your school proud.

In closing, I wish all of you the very best life has to offer. As I have reminded you before, it is a competitive world and being able to handle adversity is essential. You will experience success as well as "bumps in the road" and those "bumps" will provide you with opportunities to learn and to improve yourselves. Please remember ... success will come to people who are both hard workers and life-long learners.

Be Well
